CORONAVIRUS (COVID-19)

Situational Update Monday, July 13, 2020

Summer Bridge Program

The Summer Bridge Program is for DCPS students who are entering third, sixth, or ninth grade. Students in the Summer Bridge program will build relationships with classmates and staff as they engage in a variety of academic and social-emotional learning activities that will help them transition into a new grade or school.

Summer Bridge will take place at your child's school, in accordance with DC Health guidelines.

The deadline to apply is tomorrow, July 14 at 6 pm. Enroll at dcps.dc.gov or by calling 202-442-5885.

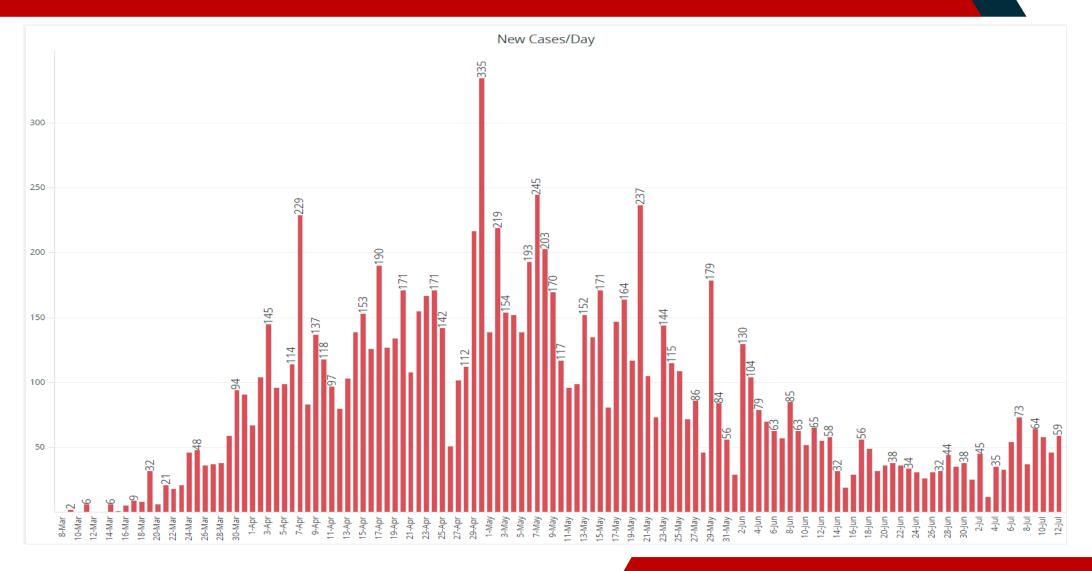

Summer Bridge Program

Dates and Times

Monday, August 10 -Thursday, August 13 9 am - 1 pm

Monday, August 17 -Thursday, August 20 9 am - 1 pm

Canal Park:

200 L St., SE

Takoma Rec Center:

300 Van Buren St., NW

By appointment only

Call 1-855-363-0333 to register for an antibody test.

Serology Survey

DC Health is partnering with the Centers for Disease Control to learn more about the spread of COVID-19.

850 randomly selected households will be contacted to participate in the inviteonly antibody testing

- Invitation to participate includes all people living in the household
- Households will receive free transportation to and from the testing site
- Participating households will receive a \$25 prepaid VISA card

Selected households will receive a letter with information about how to participate.

The serology survey will end on August 15, at which time the citywide antibody testing sites will also close.

DC residents will still be able to get tested for antibodies through their health care provider.

Thank you, Events DC

for providing DC's health care workers with tickets to the RFK Park Up Theater.

We can all show our appreciation for health care workers by:

Wearing a mask

Social distancing

Washing hands frequently

Staying home if you are sick

 Getting tested if you have symptoms or were exposed to the virus
